## Job Information

Organisation/Company	LNEC, I.P.
Department	Human Resources and Facilities Services
Research Field	Engineering » Maritime engineering
Researcher Profile	First Stage Researcher (R1)
Positions	Master Positions
Country	Portugal
Application Deadline	23 Dec 2024 - 23:59 (Europe/Lisbon)
Type of Contract	Not Applicable
Job Status	Not Applicable
Is the job funded through the EU Research Framework Programme?	Not funded by a EU programme
Is the Job related to staff position within a Research Infrastructure?	No

## Offer Description

1 - Title

### RESEARCH FELLOWSHIP (RF)

2 - Offer description

As per the terms laid down in *Regulamento de Bolsas de Investigação do LNEC* (LNEC Regulation for Research Fellowships), approved by [Law no. 40/2004](#), 18 August, as it stands, we announce the launching of a call for awarding a research fellowship (RF) in the scope of the research program E2I SAFEPOR - Risk and Safety on Ports and Maritime Structures

3 – Financing source

LNEC own revenue

4 – Scientific area

## Maritime Hydraulics

### 5 - Duration

The Grant shall be awarded for a 1-year period

### 6 – Reserve list

A reserve list for selection shall be drawn up for a 6-month period as from the date of the final decision of this call.

### 7 – Activity Regime

All the work shall be developed on an exclusive dedication regime, as per the provisions laid down in the Statute of the Research Fellow, approved by Law no. 40/2004, 18 August, as it stands, and in LNEC Regulation for Fellowships, available on LNEC website.

### 8 - Work plan and objectives

The aim of the work is to carry out numerical and physical modelling studies to assess the agitation, stability, overtopping and pressures on maritime structures in port and coastal areas. The impact of climate change will also be assessed.

The work plan is as follows:

#### - Literature review

- Application of numerical and physical models to assess the agitation, stability, overtopping, flooding and pressures on maritime structures in port and coastal areas, for current, storm or climate change scenarios. Implementation of video technologies;

- Data Analysis and processing based upon new technologies for video and photo processing;

- Producing articles, papers, reports, technical notes and other documents, in close collaboration with the other members of the NPE.

### 9 - Location

Workplace: LNEC – National Laboratory for Civil Engineering, I.P.

Avenida do Brasil, 101 – 1700-066 Lisboa

Country: Portugal

Website: <https://www.lnec.pt>

Email: [recrutamento@lnec.pt](mailto:recrutamento@lnec.pt)

The above activities shall be conducted at the Ports and Maritime Structures unit of the Hydraulics and Environment Department of LNEC, without prejudice to the possibility of performing temporary missions in Portugal.

### 10 - Qualifications

Eligible candidates are graduates or MSc holders enrolled in postgraduate studies in one of the following areas: Civil, Mechanical, Environmental, Geographical, Naval or Technological Physics

Engineering, Marine Sciences, Marine Geology or related areas.

Due to the nature of the tasks to be accomplished, the candidates must be fluent in written and spoken Portuguese and possess a good command of written and spoken English.

Experience in physical modelling and python language is preferentially required.

#### 11 – Scientific supervision

The Researcher Conceição Fortes shall be responsible for supervising the scientific activities.

#### 12 - Monthly allowance

The Grant shall include a [monthly allowance](#) in the amount of €1,118.00 or €1,395.00 and a daily food allowance of € 6.00, depending on the Grant fellow being Graduated or holder of an MSc. The Grant fellow shall also be entitled to a specific social security system and to insurance against personal accidents at work.

#### 13 - Selection methods and criteria

The evaluation of the applications shall be based on the Applicant's Merits (MC), and the following evaluation criteria shall be scored on a 0 to 20 scale.

Applicant's merits:

- Academic Background (PA) – scores of the academic degrees required by this call, namely graduation (or equivalent) or MSc degree – 50%
- Professional Résumé (CP) – scientific and professional career – 30%
- Interview with the selection jury (ES) – 20%

Hence:

$$MC = (0.5 * PA) + (0.3 * CP) + (0.2 * ES).$$

The jury is entitled to decide not to award the Grant if the quality of the applicants is deemed below par.

#### 14 - Selection jury

President: Laura Caldeira, Principal Researcher;

Members: Eduardo Fortunato, Principal Researcher, Rosário Veiga, Principal Researcher;

#### 15 - Application documents

##### 1. At the time of the application:

- Letter of motivation (maximum: one A4 page).
- Degree certificate, with indication of the partial scores and final classification.
- Document stating the score obtained in each curricular unit of the course the applicant is attending.

Foreign certificates shall be valid only if they are duly endorsed by an issuing entity, or if a recognition/equivalence document is produced stating that the foreign qualifications correspond to the same Portuguese qualifications. The respective scores can only be used if they are officially

converted to the Portuguese scoring scale (by DGES – Direção Geral do Ensino Superior or by a public higher education institution), even if the foreign classification corresponds to a 0 to 20 scale.

- Official document of enrollment in the degree course defined in paragraph 10 of the present notice.

Should the candidate be unable to produce such document, without any fault on his/her part, he/she may replace it by a sworn declaration stating that he/she has been enrolled in the said degree course.

- Detailed Curriculum Vitae.
- Other documents (optional), such as letters of reference and supporting documents of internships or complementary courses considered as relevant for the purposes of this Grant

#### **1. At the time of the awarding of the contract:**

- Official document stating that the applicant is enrolled in the degree course defined in 10.
- Necessary information for preparing the contract.

#### **16 – Deadline for applications**

Between 02nd to 23th December 2024

#### **17 - Formalization of applications**

The applications shall be formalized by one of the following means:

- electronic mail addressed to [recrutamento@lnec.pt](mailto:recrutamento@lnec.pt), until 24h00 of the last day of the stipulated time limit
- directly to the Setor de Arquivo e Expediente Geral of LNEC, at Avenida do Brasil, 101, 1700-066 Lisboa.
- registered letter with acknowledgement of receipt addressed to LNEC, I.P., Avenida do Brasil, nº101, 1700-066 Lisboa; the date of delivery considered for the purpose of compliance with the stipulated time limit being the date of registration

In the last two cases, the applications shall be delivered in a sealed envelope, bearing the following information on the outside: “Concurso para atribuição de uma bolsa de investigação (BI), in the framework the research program E2I SAFEPORT - Risk and Safety on Ports and Maritime Structures.

#### **18 - Notification of results**

The final score of each evaluation stage shall be advertised in a list sorted by the final score obtained, all applicants being notified by electronic mail. The results shall also be published on the [Recruitment](#) page of LNEC’s website.

#### **19 - Deadlines and procedures for preliminary hearing, claims and appeals**

Once the provisional ranked list of the evaluation results has been communicated, applicants who have an unfavourable provisional decision may use their right to dispute it during the preliminary hearing phase (if requested), which takes place within 10 working days, according to the Administrative Procedure Code (CPA).

The final decision shall be disclosed after the analysis of applicants’ arguments presented in the preliminary hearing. Final decision can be claimed within 15 working days or, alternatively, appealed to the Board of Directors, within 30 working days, after the communication of the final results, respectively.

## 20 - Further information

Additional information can be obtained by phone: +351 218 443 892 or +351 218 443 216 or by electronic mail to the address referred to in 17. The applicants living outside of Portugal can also refer to the portal [EURAXESS Portugal](#).

## 21 - Standard fellowship contract

Available on the [Recruitment](#) page of LNEC's website.

## 22 - Model of the final report to be prepared by the research fellow and supervisor

Available on the [Recruitment](#) page of LNEC's website.
