Job Information

Organisation/Company	LNEC, I.P.
Department	Human Resources and Facilities Services
Research Field	Engineering
Researcher Profile	First Stage Researcher (R1)
Positions	Undergraduate Positions
Country	Portugal
Application Deadline	24 Jul 2025 - 23:59 (Europe/Lisbon)
Type of Contract	Permanent
Job Status	Full-time
Is the job funded through the EU Research Framework Programme?	Horizon Europe
Reference Number	Grant Agreement number: 101083958
Is the Job related to staff position within a Research Infrastructure?	No

Offer Description

1 - Title

RESEARCH INITIATION GRANT (BII)

2 - Offer description

As per the terms laid down in *Regulamento de Bolsas de Investigação da FCT* (FCT Regulation for Research Fellowships), approved by [Law no. 40/2004](#), 18 August, as it stands, we announce the launching of a call for awarding a research initiation fellowship (RF) in the scope of the Project REVRES – Reservoir volume evaluation using remote sensing.

3 – Financing source

Funded by the European Union's Horizon Europe programme through the REVRES subproject of the FUTURAL Project open call (Grant Agreement number: 101083958).

4 – Scientific area

Computer Engineering, Information systems, Electronic Engineering or related areas

5 - Duration

The Grant shall be awarded for a 9-month period

6 – Reserve list

A reserve list for selection shall be drawn up for a 6-month period as from the date of the final decision of this call.

7 – Activity Regime

All the work shall be developed on an exclusive dedication regime, as per the provisions laid down in the Statute of the Research Fellow, approved by Law no. 40/2004, 18 August, as it stands, and in LNEC Regulation for Fellowships, available on LNEC website.

8 - Work plan and objectives

Development of the project website.

Support to the development of the reservoir volume monitoring platform, including analysis of satellite images to obtain inundated areas, as well as the level and bathymetry of reservoirs.

9 - Location

Workplace: LNEC – National Laboratory for Civil Engineering, I.P.

Avenida do Brasil, 101 – 1700-066 Lisboa

Country: Portugal

Website: <https://www.lnec.pt>

Email: recrutamento@lnec.pt

The above activities will be conducted at the Water Resources and Hydraulic Works Unit of the Hydraulics and Environment Department of LNEC, without prejudice to the possibility of performing temporary missions in Portugal.

10 - Qualifications

Eligible candidates are students enrolled in a higher professional technical course or in a bachelor's degree in one of the scientific areas mentioned in section 4 or related areas.

The candidate should have the ability to work in multidisciplinary teams, motivation to, and experience in the research activities mentioned in section 8, with preference being given to candidates with experience in software development.

11 – Scientific supervision

The activities will be supervised by the Assistant Researcher João Nuno Sequeira Fernandes from the Water Resources and Hydraulic Structures Unit and Gonçalo de Jesus from the Information Technology and Computer Infrastructures Unit

12 - Monthly allowance

The Grant shall include a [monthly allowance](#) in the amount of € 651.12. The Grant fellow shall also be entitled to a specific social security system and to insurance against personal accidents at work.

13 - Selection methods and criteria

The evaluation of the applications shall be based on the Applicant's Merits (MC), and the following evaluation criteria shall be scored on a 0 to 20 scale.

Applicant's merits:

- Academic Background (PA) – scores of the academic degrees required by this call, namely degree (or equivalent) – 30%
- Professional Résumé (CP) – scientific and professional career – 30%
- Interview with the selection jury (ES) – 40%

Hence:

$$MC = (0,3 * PA) + (0,3 * CP) + (0,4 * ES)$$

The jury is entitled to decide not to award the Grant if the quality of the applicants is deemed below par.

14 - Selection jury

President: João Nuno Sequeira Fernandes, assistant researcher

Members:

Gonçalo João Vitorino de Jesus, assistant researcher

Lourenço Sasseti Janeira da Silva Mendes, assistant researcher

Alternates:

Maria Teresa Fontelas Santos Viseu, principal researcher

15 - Application documents

1. at the time of the application:

- Letter of motivation (maximum: one A4 page).
- Degree certificate, with indication of the partial scores and final classification.

Foreign certificates shall be valid only if they are dully endorsed by an issuing entity, or if a recognition/equivalence document is produced stating that the foreign qualifications correspond to the same Portuguese qualifications. The respective scores can only be used if they are officially converted to the Portuguese scoring scale (by *DGES – Direção Geral do Ensino Superior* or by a public higher education institution), even if the foreign classification corresponds to a 0 to 20 scale.

- Official document of enrollment in the degree course defined in paragraph 10 of the present notice.

Should the candidate be unable to produce such document, without any fault on his/her part, he/she may replace it by a sworn declaration stating that he/she has been enrolled in the said

degree course.

- Detailed Curriculum Vitae.
- Other documents (optional), such as letters of reference and supporting documents of internships or complementary courses considered as relevant for the purposes of this Grant

2. at the time of the awarding of the contract:

- Official document stating that the applicant is enrolled in the degree course defined in 10.
- Necessary information for preparing the contract.

16 – Deadline for applications

Between 11 and 24 July 2025

17 - Formalization of applications

The applications shall be formalized by one of the following means:

- Electronic mail addressed to recrutamento@lnec.pt, until 24h00 of the last day of the stipulated time limit
- directly to the Setor de Arquivo e Expediente Geral of LNEC, at Avenida do Brasil, 101, 1700-066 Lisboa.
- registered letter with acknowledgement of receipt addressed to LNEC, I.P., Avenida do Brasil, nº101, 1700-066 Lisboa; the date of delivery considered for the purpose of compliance with the stipulated time limit being the date of registration

In the last two cases, the applications shall be delivered in a sealed envelope, bearing the following information on the outside: “Concurso para atribuição de uma bolsa de iniciação à investigação (BII) FCT, no âmbito do Projeto REVRES – Reservoir volume evaluation using remote sensing”.

18 - Notification of results

The final score of each evaluation stage shall be advertised in a list sorted by the final score obtained, all applicants being notified by electronic mail. The results shall also be published on the [Recruitment](#) page of LNEC's website.

19 - Deadlines and procedures for preliminary hearing, claims and appeals

Once the provisional ranked list of the evaluation results has been communicated, applicants who have an unfavourable provisional decision may use their right to dispute it during the preliminary hearing phase (if requested), which takes place within 10 working days, according to the Administrative Procedure Code (CPA).

The final decision shall be disclosed after the analysis of applicants' arguments presented in the preliminary hearing. Final decision can be claimed within 15 working days or, alternatively, appealed to the Board of Directors, within 30 working days, after the communication of the final results, respectively.

20 - Further information

Additional information can be obtained by phone: +351 218 443 892 or +351 218 443 216 or by electronic mail to the address referred to in 17. The applicants living outside of Portugal can also refer to the portal [EURAXESS Portugal](#) .

21 - Standard fellowship contract

Available on the [Recruitment](#) page of LNEC's website.

22 - Model of the final report to be prepared by the research fellow and supervisor

Available on the [Recruitment](#) page of LNEC's website.
